HAPPY ROSE KID DAYCARE

Parent Information Guide

A warm welcome to our daycare family!

Welcome to Happy Rose Kid Daycare! We provide a safe, loving, and nurturing environment where children feel happy, valued, and supported as they learn, play, and grow.

This guide introduces our program and everyday practices. Families receive our complete Policies and Procedures and enrollment information before starting care.

Our Philosophy

Our licensed Home Multi-Age Child Care program offers a play-based, Montessori-inspired learning environment. We encourage independence, creativity, confidence, curiosity, and social development through hands-on experiences, exploration, and meaningful play. Every child is unique, and our activities are adapted to their age, interests, abilities, and individual needs.

Hours & Enrollment

Monday to Friday | 7:30 AM – 5:30 PM
Enrollment is based on space availability and each child’s individual needs. We work closely with families to support a smooth and comfortable transition into daycare.

A Day at Happy Rose

Our daily program includes Circle Time, Story Time, Arts & Crafts, Sensory Exploration, Music & Movement, Outdoor Play, Free Play, meals, snacks and rest. We balance learning, creativity and activity in a flexible routine. Our daycare is a screen-free environment.

Healthy Meals & Rest

We offer an optional healthy meal program, including breakfast, lunch, and snacks. Families may also provide food from home. Our daycare is a nut-free environment, and we accommodate children’s dietary needs and allergies whenever safely possible. Children have opportunities for naps or quiet rest based on their needs.

Everyday Care

A partnership with your family

Health & Wellbeing

Children with mild symptoms, such as a runny nose or occasional mild cough, may attend when they feel well and can comfortably participate. Children should remain home when they have a fever, vomiting, diarrhea, significant illness, or symptoms requiring care beyond what the daycare can safely provide. We follow public health guidance and communicate closely with families.

Positive Guidance & Inclusion

We focus on positive guidance, kindness, patience, emotional development, and age-appropriate expectations. We welcome families from diverse cultures, backgrounds, languages, and abilities, creating an environment where every child belongs.

Safety & Supervision

We maintain appropriate supervision, safe play environments, emergency procedures, and regular safety practices. Children are released only to parents, legal guardians, or authorized adults. Neighbourhood walks require appropriate parental consent and safety measures.

What to Bring

Please provide labelled extra clothing, indoor and outdoor shoes, weather-appropriate clothing and rain gear, and a water bottle. Depending on your child’s needs, please also provide diapers, wipes, and personal rest items. A complete supply list is provided during enrollment.

Communication With Families

We encourage open communication and share important updates about children’s daily experiences, progress, health, and wellbeing. Families can communicate with us in person, by phone, text, WhatsApp, or email.

Fees, Holidays & Closures

Tuition, deposits, payment arrangements, and withdrawal policies are explained during enrollment. We observe applicable BC statutory holidays and scheduled winter and summer closures. During the educator’s one-week Spring Break leave, qualified substitute care will be arranged when needed, subject to licensing requirements, at no additional charge for regular contracted hours.
